

# The California Indoor Archers a USA Archery Adult Archery Program Club

The Adult Archery Program is a program of USA Archery that allows adults to learn proper shooting technique, achieve awards based on score, and pursue competition if they wish. Similar in scope to USA Archery's Junior Olympic Archery Development (JOAD) program, the Adult Archery Program is a logical "next step" for adult archers pursuing this lifetime sport. In addition to receiving clear instruction and coaching via our National Training System, membership in an archery program provides unique benefits to adults, including the opportunity to make new friends, a great upper-body workout, and the chance to build self-confidence, and learn team-building skills. Whether your interest in archery is purely recreational, or an Olympic, Paralympic or World Championship dream, USA Archery's Adult Archery Program is designed to help you pursue all that archery has to offer.

Our Adult Archery Program club, the CIA (California Indoor Archers,) meets from 4:15 p.m. to 5:30 p.m. on Sunday afternoons. There is a yearly non-refundable CIA membership fee of \$75.00 per archer, which pays for:

- A club polo shirt
- An exercise stretch band
- Tubing for practice bow
- Achievement pins and lanyards
- A guide booklet
- Free use of equipment for three months

**At least one private lesson and the coach's approval are required prior to joining our club,** at which time a CIA Registration Form must be completed and signed. The monthly fee is \$100, which is non-refundable and not eligible for prorating unless joining for the first time partway through a month. We meet the first four Sundays each month, including months with five Sundays. We break for a week or two off around the holidays, but the monthly fee will be reduced to reflect that. Other than that, there is no prorating based on attendance. Equipment rental after three months is \$10 per class. Sessions are taught by a USA Archery Coach and/or Instructor. CIA members may miss no more than three consecutive classes, without a valid excuse, to maintain an active membership and membership privileges; this is due to a potential waiting list for those who wish to join the club, but do not have a spot. The fourth Sunday of each month is our tournament-style Pin Shoot where archers can earn Star Pins for scoring achievements. Once CIA members earn their 4-star achievement pin, they are required by USA Archery to join the organization before earning any more pins. Membership is \$65.
